SOCIETY DONOR LEVELS

WELCOME to the Kutztown University Arts Society!

Since coming to Kutztown University, it has been our goal to provide a sustainable arts society to help advance and support the visual and performing arts at KU as well as provide new opportunities for art education in our local community.

As public funding for the arts dwindles, it is our responsibility to make sure future generations benefit from a quality education in the arts. Your participation is critical to meeting this need.

The Kutztown University Arts Society will bring together all of our current visual and performing arts programming and provide new events through the Promoting the Love of Arts for Youth Series (PLAY). This new endeavor will open opportunities for local school students to be exposed to quality art experiences in their own schools and here at the university.

The arts have a long, rich history at KU. We hope, through this society, to ensure a bright, vibrant future.

Ann Marie and I are pleased to be the first founding members and we hope you will join us in this very important endeavor.

Dr. Kenneth S. Hawkinson
Ann Marie Hayes-Hawkinson

FOUNDER

\$10,000+

- Honorary board member
- Recognition in all society publications and on a plaque in Schaeffer Auditorium
- Invitation to a special event with the university president including an exclusive concert
